MUCH GRAIN COMING

Large quantities of grain are being hauled to town these days from all the farming districts adjacent to Bassano. Considerable is coming from north of the Red Deer river and Galarneauville.

While the river is frozen over the Emerson ferry is still running.

ice for the convenience of grain haulers, but at Hutton teams and

for the convenience of grain loads from all Hutton teams and loaded wagons are crossing on the ice. Many this week have had the experience of crossing one way on the ferry and the other way on the ice.

THANKSGIVING SERVICE

A harvest Thanksgiving Service will be held in the Church of The Blessed Virgin at 7:30 next Sunday evening. Any help in decorating the church on Saturday afternoon will be greatly appreciated, also gifts of grain, fruit, flowers, vegetables, etc., for decorative purposes. The decorating material should if possible be in the church by noon on Saturday and will after the service be given to the Bessano Hospital.

LOST HIS WHEAT

While driving to town with three loaded wagons on Wednesday, Preston Mills of near Madsenville had the misfortune to lose two of the wagons on the embank at the Bow river. The two loaded

P. W. STONE, Editor

The following letter appeared recently in the Calgary Herald, and apparently the "traveler" who wrote it although having visited Bassano, had never yet got wise to The Mail which has been continually kicking for better service on the Empress branch:

Editor, The Herald—It appears to me a wonder that no protest has appeared in the public press with regard to the insufferable conditions of the train service from Bassano to Empress.

For over a year now travelers and settlers in the territory along this line have been subject to such inefficiency and ineptitude on the part of the official or parties responsible for getting this train out on time as calls for a most emphatic protest on the part of the unwilling victims.

This letter does not propose to enter into details, but if the state of affairs referred to persists steps will be taken by the traveling public to bring the matter to the attention of the railway commission. "Traveler."

This kick is quite timely and opportune, and were the complaint taken to the railway commission there is no doubt but that conditions would be remedied. As a matter of fact the accommodation on this branch is said to be abominable. A mixed train twice a week is all there is to serve a district which can boast perhaps a score of elevators, a number of splendid and growing towns and a thriving populace.

A time table is in vogue, but the tooter seldom pays any attention to that and very seldom arrives at any given point on time. The passenger coaches are poorly lighted and heated, a succession of jolts is furnished at every way station where there is freight to be put off, and the waits at some places are apparently interminable at times. Freight is known to have gone astray and never traced, and altogether the C. P. R. should be ashamed to run a branch line with such poor accommodation.

Oh well, the C. P. R. will get the trade from that country no matter what the inconveniences, so what's the use kicking?

Next Monday the annual meeting of the ratepayers of the town will be held in the town

hall and doubtless there will be a good hearing of the reports of the various chairmen of the committees as to the progress of work during the year and the amount of money saved. It will be the duty of the ratepayers to come primed with questions and to shoot them at the aldermen thick and fast.

At this meeting the retiring aldermen will probably declare their intention as to whether they will again stand for nomination or not.

There are three whose terms expire this year, as well as that of the mayor, and should Travis, McKee and Milroy not stand again there will be room for three new councillors. Who will they be?

It is understood that R. F. Strulker will be a candidate, and The Mail would respectfully suggest the name of our respected and honored citizen, T. H. Hunter as a second one. He should at least be requested by a large number of friends to stand for the position.

Mr. Hunter has a lot of good ideas of municipal work that would be of great value to the Council, and he has been through all sorts of financial deals when times were good and when they were bad, and his experience in these lines should count for much.

The Mail would be tickled to death to see Mr. Hunter's bulky form holding down an aldermanic chair, as the editor would then stand a good chance to get into a scrape and out of it again safely with Mr. Hunter as a friend in need.

Our sister journal The Brooks Bulletin recently published false and unreliable information, and the next week took it back, and the Leduc Press made statements for which it had to apologize. Who wouldn't be an editor?

Well, it's better to say something and run a chance than to remain supine.

The High River Times is responsible for the statement that there will be no prosecutions against Sunday threshing in Alberta.

Sunday would be a good day for Editor Nesbitt to come up and get his licking.

Buy an Irrigated Farm from The Canadian Pacific Railway.

BECAUSE: Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but EVERY YEAR.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlements, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years to pay, and the provision of a loan of \$200 for improvements 10% interest (2% principal payment at the end of first or second years and no water rental for first year. Assistance is also given in any planting stock in approved instances.

This is the most liberal offer of irrigated farm on record. Get full particulars from

SYNOPSIS OF COAL MINING REGULATIONS.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be stated out by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The persons operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mine is not being operated, such returns should be filed at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary at the rate of \$10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the Lands.

W. W. CORY,

Deputy Minister of the Interior.
